komat

Design: komat | matthias kothe

Die Korpusse von **Plank** sind aus weißem, melaminbeschichtetem Mdf gefertigt, die Schnittkanten geschliffen und geölt. Die innenliegende, bis in die Füße laufende Türenfront bieten wir in verschiedenen Materialien an. Neben dem Standard Mdf weiß steht eine geölte, gebürstete Dreischicht- Eichenfront oder eine Offstone-Front (Betonoptik) zur Option.

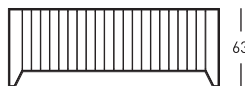

The body of Plank is made of white melamine-coated MDF, the cut edges are sanded and oil-sealed. The inside door surface, which extends down to the legs, is available in a variety of different materials. Besides the standard MDF white, you have an oil-finished, triple-ply brushed oak front and an of-stone front (looks like concrete) to choose from.
